### In Illinois Hit By Cyclone

#### Ten Killed Over a Score Injured

#### MANY BUILDINGS ARE IN RUINS

#### DETAILS OF STORM LACKING

#### As Wires Are Down in all Directions—List of Known Dead and Injured—A Furious Storm.

Chicago, July 18.—The cyclonic wind storm which devastated Illinois last night, killed five people at Streator, four at Mendota and one at Campus. The list of seriously injured will reach 25, some of whom cannot recover. Wires are down and information hard to secure.

The dead at Streator are: N. H. Bivans, Chas. Snyder, Richard Purcell, Harry Doyle and William Brown (colored).

Seriously injured: George Doyle, Mrs. Doyle, Charles Snyder, Frederick Crone, fractured skull, Lizzie Boucher, Mrs. Crone, Mrs. Smith, Captain Peabody and wife, Ralph Boucher, Mrs. Henry Pease and baby, George Hunter, Little child of George Doyle.

Three children of A. J. Dougherty and a man employed on the latter's farm and a score or more with broken bones.

#### NINE KILLED

#### Unconfirmed Report From the Storm Near Lafayette.

Indianapolis, Ind., July 18.—A severe wind and rain storm prevailed in Central and northern Indiana between 11 and 12 o'clock last night, but the extent of the damage is unknown as yet as reports are meager. It is reported that just north of Lafayette the storm was worst, and that nine people were killed and that there were heavy damages to crops. Muncie, Terre Haute, Richmond, Knightstown and other places in central Indiana report heavy wind and rain, but no loss of life.

#### FOUR KILLED

#### And Many Injured When the Tornado Struck Mendota.

Mendota, Ill., July 18.—A tornado struck the northwestern part of this city at 5:20 p. m. Friday, killing four persons, seriously injuring ten others and leveling scores of houses, barns and trees in its path. The path of the storm was narrow and about eight miles in length. The known dead are: Miss Ora Lunny, 19 years old, Miss Cora Boisdorf, 15 years old, Schammel, 13 years old, A boy, Schammel, 4 years old.

### ANOTHER INDICTMENT IN THE POSTOFFICE SCANDAL

New York, July 18.—George W. Beavers, the central figure in the gigantic postoffice scandals, has been indicted.

A bench warrant is out for him, but he cannot be found. Involved with Beavers in the indictment is former Congressman Edmund H. Briggs.

The specific charge now brought against Beavers by the federal grand jury of Brooklyn is that he accepted a bribe of \$840 from the former congressman for engineering the contract for the sale of the automatic cash registers to the government.

When the federal grand jury reconvenes today it will take up evidence tending to show wrongdoings on the part of Beavers, while superintendent of the division of salaries and allow-

The injured are: Mrs. J. Schammel, Mrs. John Wirschem, Miss Wirschem, Mrs. Oscar Milligan, Jerome Milligan, Alice Wilson, Edna Austin, James Smith, Henry Schweitzer, Mrs. James Smith.

And nearly every member of the Boisdorf family.

The Boisdorf's took refuge in a cellar when the storm came up and the house fell upon them.

Streator, Ill., July 18.—A tornado that swept farmhouses from their foundations and laid waste a score of villages, rushed through the valley of the Illinois river Friday evening, killing and injuring over a hundred persons.

The entire northern part of Streator is in ruins. The damage will run into the millions.

Ransom, Pontiac, Mendota and a score of smaller towns lying between were caught in the fearful storm, and at this hour it is impossible to give any accurate estimate of the property loss, or even of the number of the dead.

In Streator five are dead and twenty-two are injured.

A report from Mendota says that four are dead and twelve injured there. The first signs of the storm were noticed shortly after 5 o'clock.

The storm grew more violent each minute. At a quarter before six a great black cloud was seen approaching with fearful rapidity from the southwest.

Every living thing in the path of the cloud was killed.

The bridge over the Illinois river was blown away. The trestling was cut away like kindling and the structure sank into the raging river.

The Western Vulcan works, from which 400 men had just run, was picked up like a feather and wrenched into firewood. Richard Purcell, the night watchman, who had refused to leave the building was killed.

The Woolen mills owned by Adolph Stauber were directly in the path of the tornado, and there is not a stick left of the buildings.

A number of horse men and race horses which were quartered on the new track were caught by the storm and all were killed. Four horsemen were killed and every building in the race track and ball park is in ruins.

The family at the dairy farm of A. J. Dougherty, just south of Streator, were at dinner when the tornado struck them.

The house was blown from above their heads and four of the inmates were buried in the wreckage.

At Verona eight are reported killed. A dozen buildings were completely demolished.

All through the farming country between the towns the ruin is complete, and it is feared that when complete details of the disaster are known the list of casualties will be well over 100.

#### OHIO CIVIL SERVICE.

Washington, July 18.—The following fall schedules of civil service examinations to be held in Ohio was announced today:

Cleveland, Sept. 17, 18, Oct. 21. Cincinnati Sept. 16, 17, Oct. 21. Columbus Oct. 21, 22, 23. Ironton, Oct. 7, Oct. 21. Toledo Sept. 19, Oct. 21. Zanesville, Oct. 21.

The life of a dime is only four or five years, because it changes hands ten times while half a dollar is moved once from one person's pocket into the till of another.

### CIRCUS MEN

#### Left the Tent to go Into the Dakota Harvest Fields.

Omaha, Neb., July 18.—The farmers in South Dakota are sorely in need of hands to assist in the harvest of the immense wheat crop of that state and they evidently know better how to get them than do their brethren down in Kansas. Forepaugh & Sells Bros.' circus has been touring that state and when it reached the wheat region the allurements of the farmers were so strong that more than 200 of the helpers threw up their jobs and went into the harvest fields at bigger wages than they had ever received before.

When the show reached Sioux City today a large force of men and boys had to be hired to help put up the tents.

## POPE LEO

#### NO MATERIAL CHANGE IN HIS CONDITION

#### Announcement of Cancer Causes Trouble Among the Doctors—The Day's Bulletins.

Rome, July 18.—The official bulletin issued by the Pope's physician this morning was very favorable. The bulletin follows: "The Holy Father passed a sleepless night, but since the first hours of the morning his Holiness had quiet repose. His respiration is calm and not superficial, because the level of the pleuric liquid has sunk. Respiration 28; pulse weak, 88; temperature 36.2 centigrade. His general condition has remained unchanged. (Signed) 'Lapponi and Mazzoni.'"

#### THE RALLY CONTINUES.

Rome, July 18.—1 p. m.—While the Pope was depressed during the first part of the night his sleep at daybreak greatly refreshed him. His rally continues. The improved action of his kidneys have obliterated the necessity of a third operation inasmuch as the kidneys are absorbing the pleuric liquid.

His holiness' physicians are delighted with his improvement.

While the character of his disease seals his fate, it now seems within the range of possibility that the pontiff will live until the first of September. What places this within the possibilities is the pontiff's indomitable will and his ardent desire to live.

At the same time it is impossible to calculate the dangers and vagaries of cancer, the least known of all diseases.

#### RAMPOLLA'S MESSAGE.

Paris, July 18.—Cardinal Rampolla today telegraphed the Nuncio as follows: "For three days there has been no increase in the holy father's illness. Let us have confidence and pray."

#### CONDITION UNCHANGED.

Washington, July 18.—This morning's bulletin from Cardinal Rampolla to the papal legation here, reads as follows:

"General condition of his holiness unchanged. Respiration better."

#### THE POPE'S ILLNESS.

Rome, July 18.—Dr. Cardarelli the famous Neapolitan physician has aroused considerable feeling against himself by his statement that the Pope is suffering from cancer. A number of persons are asking why the Pope's physicians have not admitted the presence of this dread symptom if it exists.

An inspired article by Dr. Lapponi appears in the Giornale Italia today. The physician criticizes Cardarelli for expressing an opinion when he has not seen the patient. Lapponi, however, does not deny that cancer exists.

The bitterness among the Italian doctors as a result of the pontiff's illness is increasing daily and threatens to cause a scandal.

It is stated today that the Pope has granted to Cardinal Rampolla, the privilege of appointing a secretary for the conclave which will elect a new Pope. This is supposed to increase Rampolla's chances for election as pontiff, and has consequently greatly agitated the other candidates.

In the first half of 1903 five railroads went into the hands of receivers, but the aggregate but 79 miles of track.

## SIXTY

### Perished In Fire on Volga

#### Steamer Peter Quickly Destroyed

#### PASSENGERS AND CREW CAUGHT LIKE RATS IN TRAP

#### THE SCENE WAS A TERRIBLE ONE

#### Before Ship's Boats Could be Gotten Away or Aid Could Arrive Vessel Was Ablaze.

St. Petersburg, July 18.—(Bulletin)—The Steamer Peter was destroyed by fire on the Volga today. Sixty perished in the flames.

The scene was terrible. The passengers and crew were caught like rats in a trap and before the ship's boats could be gotten away or any aid could reach the ill-fated vessel, the fire had completely enveloped it.

## MAYOR LOW

#### MAY BE SENT BY PRESIDENT TO ITALY.

#### New York City Politics Being Discussed Today at President Roosevelt's Home.

Oyster Bay, N. Y., July 18.—New York City politics is going through a thorough discussion at Sagamore Hill today by President Roosevelt, Mayor Seth Low and Nicholas Murray Butler, president of Columbia college. President Butler came last night and will remain over Sunday. Mayor Low who is accompanied by Mrs. Low, arrived shortly after noon and will leave Oyster Bay before dark. Another guest at Sagamore Hill whose coming seems fraught with considerable importance is Geo. Von L. Meyer, ambassador to Italy. It is regarding as significant that he was invited by the President to visit at Sagamore Hill at the same time that Mayor Low came for it has been rumored frequently of late that the President contemplates sending Mayor Low to St. Petersburg or Rome in a diplomatic capacity of the first magnitude.

#### GOV. YATES RETURNS.

New York, July 18.—Hon. Richard Yates, governor of Illinois, was a passenger on board the Cunard liner Campania which arrived from Liverpool today.

#### Two Cent Car Fare

Cleveland, O., July 18.—The three cent street car fare fight began again today with the opening of bids for two cents fare railway. Albert Green and J. L. Hocfigen bid \$10,000 for a franchise for a cross town line on Denison avenue. J. R. Zucht \$10,000 for one short line on the flats. The lack of bids and interest was a great disappointment to Mayor Tom L. Johnson and other three cent fare champions.

## SUICIDE

#### Of a Boy at Stockport Last Midnight the Cause of Which is Not Known.

Stockport, O., July 18.—A twelve year old son of George Lindsay, living near Pennsylvania, committed suicide last night about 11 o'clock at his father's home by shooting himself. The boy retired at his usual time and his parents awakened by the report of the gun repaired to his bedroom and found the boy lying dead on the floor with the gun by his side. No cause is assigned for the deed.

### NEGROES KILLED

#### In a South Carolina Town Where a Race War Exists.

Columbia, S. C., July 18.—As the result of an attempt to murder William Hall, postmaster at Chiquepin, two negroes were killed by a crowd of whites. These men are still scouring the country hunting for other negroes said to have been in the conspiracy to kill Hall.

Dennis Head was called to his door last night by two men who asked for a drink of water. They seized him and Jesse Butler. Later shots were heard in the road and Head's body was found. Butler was also killed. Lenny Johnson and George Edwards are being pursued. Two of Hall's brothers are in the crowd.

## WINS WIFE

#### AND CANCELS CHURCH DEBT BY GAME OF CHECKERS

#### Preacher Defeated Champion and Mr. Parsons Then Consented to Wedding of His Daughter.

Binghamton, N. Y., July 18.—The Rev. Arthur Robinson has won for himself a wife and liquidated a debt on his church in Tioga by a game of checkers. The Rev. Mr. Robinson is an ardent checker player. He has been paying attentions to Miss Nellie Parsons, whose father, a wealthy farmer, objected to Robinson on the ground of his impecuniosity.

Parsons, who held the checker championship of Tioga, was defeated by a neighbor, who succeeded in holding it. Friends tried to induce the Rev. Mr. Robinson to enter the contest with the new champion for a purse, but he declined to play for stakes.

Then Parsons said if he defeated the champion he would cancel the church debt. The Rev. Mr. Robinson won the game and Parsons not only fulfilled his word but withdrew objections to his daughter's marriage and the engagement is announced.

### TALKED

#### The Matter Over With the Children Then Got a Divorce.

Dublin, Ind., July 18.—Dr. O. H. Barrett and wife, of Knightstown, finding their dispositions running counter to each other, talked the matter over with their children, one of whom is a married daughter, and then agreed to separate. The family drove to Newcastle in a carriage, and after a divorce had been granted to Mrs. Barrett, with \$15,000 alimony, she took the train for a visit to friends at Cincinnati, while the physician returned to his practice.

#### The Ohio Guard.

Washington, D. C., July 18.—The report of Major Arthur Williams and Captain J. W. Barker, of the Third Infantry, who were detailed to make an inspection of the Ohio National Guard, has been submitted to Adjutant General Corbin. The report states that the infantry arm of the guard exhibits considerable variety in the matter of efficiency. The necessarily scattered location of the companies, the elective system of officers, the labor condition in the several communities, the availability and suitability of armories and opportunities for drill in the open air are the principal elements responsible for this condition.

## STORK

#### Hovering Over Gray Gables the Home of Former President Grover Cleveland at Buzzard's Bay.

Buzzard's Bay, Mass., July 18.—A son was born to former President and Mrs. Grover Cleveland at the summer home, Gray Gables, here today.

New York, July 18.—Information from Buzzard's Bay is to the effect that the stork is hovering over Gray Gables, the home there of former President Grover Cleveland, and that

preparation has been made for its descent.

Dr. Bryant is in constant attendance upon Mrs. Cleveland, and nurses have been on hand for several days.

Mr. and Mrs. Cleveland were married in the Blue Room of the White House on June 2, 1886. Mr. Cleveland was born in Caldwell N. J. March 18, 1837, and Mrs. Cleveland was born in Buffalo, N. Y., July 2, 1864. There are four Cleveland children, Ruth, Esther, Marion and Richard Folsom.

Ruth was born October 3, 1891, at 816 Madison avenue, this city. She was named after Mrs. Cleveland's grandmother, and as Baby Ruth ruled Washington society during her father's second term in the White House. She is now a tall, robust girl, with dark hair and eyes, and resembles her mother more than any of the other children.

Esther was born September 9, 1893, and is the only child of a President born in the White House. She looks more like her father than her mother and has flaxen hair.

Marion was born at Buzzard's Bay July 7, 1895. She has darker hair than Esther, although she is also a type of blonde.

Richard Folsom was born October 28, 1897, in Princeton. He is a sturdy goodlooking little chap, and has been adopted by Princeton college students as their own special mascot.

### SUFFERING

#### Of the Mother Forgotten When Her Baby Was in Peril.

Indianapolis, Ind., July 18.—The devotion of a mother to her child was illustrated in a striking way yesterday afternoon when Frances, the four-year-old daughter of T. A. McCall, of College avenue, was nearly burned to death. The little one was playing and in some way her dress caught fire. When her mother and grandmother, who were seated on the porch, saw her, she was enveloped in flames. Both rushed for the child, but the mother, who was seriously ill, fell as she reached the sidewalk and broke her leg at the ankle. Unmindful of her own suffering she got up and hobbled to the rescue of her babe, but by the time she reached her the flames had been extinguished by the grandmother, who was severely burned. Although suffering intense pain herself the mother gathered the babe to her bosom and limped indoors refused to have her own injuries dressed until the baby had received attention. The doctors fear the shock and her injuries may kill her.

### ON THE SCAFFOLD

#### Woman and Man Meet Death for Cold-Blooded Murders.

South McAllister, I. T., July 18.—Dora Wright, colored, was hanged here for the murder of Annie Williams, seven-year-old girl. The evidence at the trial showed that the little girl had been beaten severely for many months, as there were old scars on her. Some of these indicated that the little girl had been tortured with a red-hot poker. The woman mounted the scaffold without a tremor.

Charles Barrett was hanged for the murder of John Hennessy, and aged man, whom he shot from ambush. Robbery was the motive.

## STRANGLER

#### Who Will Die in Electric Chair Puts in Time Card Playing—Wife Writes to Him.

Hamilton, O., July 18.—Alfred A. Knapp, the convicted wife strangler, has received a letter from his Indianapolis wife written before she had received word of his conviction. It is in endearing terms and expresses the hope that they will soon see each other.

All visitors are excluded from the jail. Knapp continues to maintain his usual demeanor and puts in his time playing cards and joking with his fellow prisoners.

Judge Belden will give his decision in the Keeler murder case on the motion for a new trial Monday.

Thomas Darby, Knapp's attorney is much better, and will return to Cincinnati today.

## TREATY

### May Be Accepted By Colombia

#### Not Until Changes are Made However

#### SIGNS OF DISSATISFACTION IN OPPOSITION'S RANKS

#### THIRTY-FOUR MEN FAVOR IT

#### It is Reported That Government of Colombia Will Spend Twenty-five Millions.

Panama, July 18.—Indications now are that the canal treaty will be accepted by the Colombian congress. Thirty-four congressmen are in favor of it and there are signs of dissatisfaction in the ranks of the forty-six opposed to it.

It is probable, however, that before this result can be obtained there will be some modifications in the terms of the treaty especially in the clause relative to the amount to be paid over by the Washington government. It is reported that the government of Colombia will spend \$25,000,000 instead of the \$10,000,000 mentioned in the treaty.

## SPIDER

#### Bit Dr. Dawson While He Was Asleep and His Death is Now Expected.

Atlanta, Ga., July 18.—Bitten last Wednesday night by a spider, Dr. Alex. Dawson, a leading physician and pharmacist, is thought to be dying. Dr. Dawson lives over his store. The insect attacked its victim while he was asleep. He thought little of the bite at the time (and did nothing for it).

He did not suspect the bite was of a poisonous insect. Thursday Dr. Dawson had a number of chills, but still did not ascribe them to the bite of the insect, though his left leg, from the ankle to the knee, began to swell. He was not able to leave his room, and applied simple remedies to the wound. His condition, however, steadily grew worse, and the leading physician reports that blood poisoning has set in and that there is hardly any chance of the patient's recovery.

## HOMICIDE

#### THE CHARGE MADE AGAINST BENJ. HAGGERTY

#### Broke Into a Saloon, Drank Freely, and in Fun Pointed Pistol at His Companion.

New York, July 18.—Benjamin Haggerty, aged 24 years of Brooklyn, was arrested early today charged with homicide. He and Michael Quinlan, aged 23, broke into a Columbia street saloon and proceeded to pack up a quantity of wet goods and cigars to take away.

Quinlan started to drink beer after the things were packed and Haggerty ransacked the drawers. He found a revolver and in a spirit of drunken frolic, pointed it at Quinlan. One of the chambers was discharged the bullet entering Quinlan's breast killing him instantly. Haggerty ran away but was caught a few hours later.

## The lean Meat of Wheat.

**GLUTEN**—is the prime muscle-making constituent of Wheat, and its flavoring principle.

Indiana Wheat is richest in Gluten, yet 60 per cent of even that best wheat is,—Starch.

Starch is a mere fat-former,—heating in Summer,—dyspeptic,—and a poor strength food.

**PRESTO** quick-flour is rich in Gluten, with only a low percentage of Starch, and is milled down to such unusual fineness, and uniformity, that it works into pastry twice as quickly, and twice as evenly, as other flours.

Because of this uniform fineness its tiny particles are promptly penetrated, and digested, by the Gastric juices of the stomach, being thus converted into strength long before ordinary flour starts conversion into fat.

Not six per cent of American flour is equal to **PRESTO** in nutrition, flavor, and "keeping" qualities.

Yet Cake, or Pastry, made from it costs a trifle less than from common flour—as comparative recipes prove.

**PRESTO** needs no Baking Powder, and much less than other flours, of that costly and indigestible thing—"shortening."

Note relative costs in next ad.

## THE GUARD

WHICH COMES TO NEWARK NEXT MONTH TO CAMP

Officers Must be in Good Standing to Get on the Retired List a New Decision.

Columbus, O., July 18.—Adjutant General Gyger has issued the orders commanding the National Guard as a division to go into camp of instruction at Camp William McKinley at Newark, according to this arrangement: Battalion of Engineers, from August 15 to 24; all other troops from August 17 to 24.

It is announced that each company, troop or battery is authorized to employ a civilian cook, but the "cordon blue" must not be permitted to wear any military insignia and his name must appear on the muster roll in red, not black, ink, after the names of the enlisted men. This ends all possibility of any cook going to Newark after hours and posing before the populace as a Brigadier General. This line also appears: "Ladies will not be quartered or subsisted in camp." The fair ones, if they come to see the brave "soldiers," will have to bring a basket of lunch with them. The division commander is ordered to strictly enforce the state law which forbids the sale of intoxicating liquors within one mile of the camp grounds. No substitutes will be allowed in camp.

A decision affecting the standing of the greater number of the National Guard officers, now upon the retired list, was rendered to the Adjutant General by Deputy Attorney General George Jones. He holds, in answer to a query, that an officer cannot be retired after he has been discharged from the service, whether by expiration of term or resignation.

It has been the custom in the past to place officers upon the retired list after they had left the service. Mr. Jones holds that the law enacted in 1902 forbids this to be done, as it recites that an officer may be placed upon the list only at his own request. If outside the guard he cannot legally make the request, therefore he

must be a member in good standing in order to be retired. There are now about 72 officers who have been retired, and all except 20 of them were placed on the list after their discharges had been made out. Hereafter retirement will mean that the officer was in good standing, but has been retired from active service. It is not believed that any trouble will be given to those now retired, but the rule will be made imperative in the future.

## MRS. SWISHER

Wife of Joseph T. Swisher Died Early Saturday Morning at Her Home Near Summit Station.

Summit Station, O., July 18.—Mrs. Elydia Swisher, wife of Joseph Theodore Swisher, residing about one mile north of this place, died at one o'clock this morning, after a lingering illness of consumption. The funeral services will be held on Monday morning at 11 o'clock at the Methodist church at Pataskala, and the interment will be made in the cemetery at that place. The deceased leaves besides her husband, two children, one son and one daughter, besides four brothers, to mourn her death.

## LOG BURIED 100 YEARS.

Utica, O., July 18.—On Thursday, John Ramey bought a walnut log that had been buried four feet under the ground for the last 100 years or more. The log measured 24 inches at the small end and four feet at the large end. The log was well preserved and was solid.

## FORMER NEWARK MAN COMMITS SUICIDE

Dr. E. Paris Wheeler, Once a Partner in Management of Hotel Warden, Kills Himself With Pistol at Cincinnati.

From Cincinnati comes news of the suicide by shooting of Dr. E. Paris Wheeler, a former resident of Newark, at one time a partner in the management of the Hotel Warden with Mr. Charles E. Cooke. Dr. Wheeler resided in Newark in 1885-86, and was generally acquainted and a very popular young man. He came of an old Kentucky family, resident about Cynthiana and Maysville and was, like most of his fellow states men, an admirer of and an expert in the handling and training of racing horses. After leaving Newark Mr. Wheeler entered a veterinary college and took his degree as a veterinary surgeon. He returned to Maysville, Ky., and has since practiced his profession in that district. The Cincinnati Enquirer prints the details of Mr. Wheeler's sad death as follows:

Because of the belief that he would never be able to be cured of the terrible habit of morphine, Dr. E. Paris Wheeler, a veterinary surgeon, committed suicide by placing a 32 calibre revolver in his mouth and firing a bullet into his brain.

The deed was committed in one of the cottages at the Cincinnati Sanitarium at College Hill, where Wheeler had gone for treatment in the hope of being cured of the dreadful habit.

Wheeler came to the Sanitarium two weeks ago, being accompanied by a Mr. Poyntz, and a nurse named Miller.

When attendant Bell, one of the regular attendants at the sanitarium made his rounds of the cottages he found Wheeler lying on the bed in his room with the wound in his mouth and the revolver clenched in his right hand. Nurse Miller was found asleep in another room of the cottage. When awakened and told of the suicide he could

scarcely believe it. He had heard no shot and his slumber was not disturbed in any manner. Wheeler was very despondent of late and declared frequently that he had abandoned hope or ever being cured of the morphine habit. It is believed that this so preyed upon his mind that he decided to end his life.

Wheeler was 45 years of age. He was married but divorced from his wife. His health had been poor for some months. It was not known that he had the weapon in his possession, but Dr. P. A. Williams, the superintendent, stated that it was not strange that he had it, as patients who take the cottages are not searched by the officials and their care is left to the special attendants they employ.

Coroner Weaver was given letters which had been found among the effects of Dr. Wheeler. There are several, some of which are not addressed to any person and among them was one as follows:

"Write Ben Point, Duke and David Benze to bring both or the one. Get Sheets, manager of the sanitarium, and get my remains and then send the body to the crematory and have it incinerated without shroud and naked. Use common box. After expenses paid everything to Point."

Another letter is to Mr. Sheets, and in it Wheeler disposes of small trinkets, such as "the buttons which go to Watson (Duke), and David get a rain coat." In concluding this letter he cautions some unknown person to "keep in the middle of the road and have a little of everything, but always the best, especially friends. Stay at home with your sister." He asked this friend to keep the story of his act out of the newspapers.

Comfort.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure it in local treatment, protracted it into a constitutional disease. There is no doubt that Catarrh is now a constitutional disease, and therefore, requires constitutional treatment. F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists. "The Family Balm" is the best.

## PRIZE

GIVEN A LAD AT THE COUNTY CHILDREN'S HOME

William Patterson Aged 11 Gets \$5 Which is on Deposit for Him Drawing Interest.

The happiest boy in town is eleven year old William Patterson of the Licking County Children's Home.

The reason the little fellow is so jubilant is that he has just received from the Battle Creek Breakfast Food company of Quincy, Ill., a \$5 check for a drawing which he made advertising "Egg-o-see."

Superintendent J. C. Kreig bought a number of packages of Eggosee last month for use at the Home and when the packages were opened he saw the offers of prizes for acceptable drawings. Taking them to the teacher Miss Oma Horton, niece of ex-Sheriff Horton, Mr. Kreig suggested that the children should make a number of drawings. This was done and a number of the best were sent to the Battle Creek company.

The children were required to make original drawings and no suggestions as to the wording were made by the teacher. William Patterson had seen the Sunday papers and had been interested in the "Lulu and Leander" pictures. He took that for his subject and made a very good drawing as may be seen in the "Eggosee" advertisement on page 3 of this paper.

This is what William wrote at the bottom of his picture: "Leander, I am so hungry. Here is an awfully swell restaurant. Take me in and let's have some Eggosee."

The little fellow who is honored by receiving a \$5 check for his picture, is the son of the late W. H. Patterson. He is an orphan and has been in the Home since April 23, 1900.

Superintendent Kreig today deposited the \$5 in one of the Newark Building Associations to the credit of the boy and there it will remain at interest till he leaves the home.

## Life Insurance

Long Run, O., July 16, 1903. Ulysses S. Roulette, Manager.

Dear Sir:—This is to certify that I have today received a check from the Union Central Life Insurance company of Cincinnati for the full amount of the life insurance being for \$1,000 under policy No. 31177. I heard the company would not pay the policy on account of the suicidal death of my husband Josiah W. Davis. At one time my husband borrowed money of the company which was repaid. Our business relations with the company have not only been pleasant but also satisfactory, and now I have renewed confidence in the company by the payment in full of my husband's policy. In this case life was uncertain and its ending terrible. I assure you of my high appreciation of the company and its fair dealings and wish to convey to your company my heartfelt thanks for the satisfactory manner in which the settlement was made. I recommend to my friends and all others desiring to insure their life, The Union Central Life Insurance Company.

## FLOWER

OF AMERICAN NAVY TO MEET OFF COAST OF MAINE

Maneuvers on a Big Scale Followed by Review and Inspection by the President.

Washington, July 18.—Never before in the United States have military manoeuvres been held in such a large and comprehensive scale as those which are to take place next month off the coast of Maine. First two immense fleets comprising the flower of the American navy will combat for supremacy, one representing the American squadron defending the port, on the New England coast, the other taking the part of attempting to capture the port. Later the fleets will combine to attempt a land attack on the point guarded by the army. Still later there will be a big naval review at Oyster Bay and inspection by the President.

Mrs. Gibly—Yes; they quarreled so much before their marriage that it wasn't any change to them at all.—Baltimore American.

## A New Mosquito.

Residents of Montclair, N. J., and other capitals of mosquitodrom were recently agitated by the announcement that State Entomologist John B. Smith of New Jersey had discovered a hitherto unknown mosquito, says the New York American. It is described as small, but ten times more sanguinary than the ordinary bloodsucker, and is distinguished by antennae that curve backward. Instead of a pair of wings this insect is triple winged on each side and does not sing when busy, as do most of the tribe. This formidable enemy of man is said to have been cradled in the Hoboken marshes, but to have wandered far and wide.

## New French Army Uniforms.

When the king of Italy reviews the French troops in the Champs d'Elysees he will see a part of them clad in sober blue gray and wearing the familiar soft felt hat of the American army. It is the purpose of General Andre, the minister of war, to do away entirely with the gaudy red, floppy trousers of the French infantry and supply it with something which is less conspicuous and at the same time neat. Several companies will wear the new uniforms at the review in order to test the feeling of the public in regard to them.

## CRITICAL

Day in Kellogg Strike at Chicago—Mayor Issued Proclamation—A Big Crowd Assembles.

Chicago, July 18.—This is the critical day in the Kellogg strike. At daybreak both sides were preparing for either peace or more bitter fighting.

While the police lines were being strengthened and reserves were being sent in to back up the proclamation issued by Mayor Harrison efforts for negotiation and peace were being forwarded down town by the state board of arbitration and the representatives of the Kellogg company. In one or two blocks in every direction around the Kellogg building, Congress and Green streets, the police maintained a discipline as strict as martial law. Outside the zone the usual crowd of strikers, their friends and sympathizers idlers and women and children, congregated in spite of the warning issued by Mayor Harrison and Chief of Police O'Neill.

The Kellogg Company, stated that it would move freight as usual.

The discussion at today's session was technical.

## IT MATTERS NOT

How Sick You Are or How Many Physicians Have Failed to Help You.

Dr. David Kennedy's Favorite Remedy will Cure You if a Cure is Possible.

Doctors are not infallible and there are many instances where they have decided a case was hopeless and then the patients astonished everyone by getting well and the sole cause of their cure was Dr. David Kennedy's Favorite Remedy. A case in point is that of James Lettuce of Canajoharie, N. Y., who writes:

"Some years ago I was attacked with pains in my back and side that were fearful in the extreme. I could not control my kidneys at all and what came from them was mucous and blood. I was in a terrible state and suffered intensely. A prominent physician of Albany, N. Y., decided that an operation was all that would save me. I dreaded that and commenced to take Dr. David Kennedy's Favorite Remedy. I felt better almost instantly. When I had taken about two bottles, the flow from the bladder was much cleaner, the pain stopped, and I was saved from the surgeon's knife and am now well."

Dr. W. H. Morse, the famous physician of Westfield, N. J., has this to say of this great medicine:

"I have known it to cure chronic inflammation of the kidneys, where the attending physician pronounced the case incurable. No form of kidney, liver, bladder or blood disease, or the distressing sicknesses so common to women, can long withstand the great curative power of this famous specific. Its record of cures has made it famous in medical circles everywhere."

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

## THE OPIUM JOINT:

In enlarging the area of American liberty and government in the Asiatic islands, we have taken hold of the opium problem in the Philippines, out of which there is much money and no end of demoralization. The opium bill proposed by the Philippine commission, and opposed by representatives of the church, provides that the drug may be sold to the Chinese only and by a single concessionary who is to pay the government half a million dollars annually for the monopoly. This sum is to go to the education of the islands. We are to spread intelligence and morality by opening opium joints on a large scale and the resulting profits therefrom. The advocates of the opium bill say that the use of the drug may be restricted or regulated with the Filipinos, but with the Chinese the only way is to open wide the doors. Education would prosper would it not, under such inspiration?

The opponents of the opium bill make death on the scheme, whether on moral or financial grounds. They declare it a bribe offered the American people to sanction a soul and body destroying vice. They deny that the creation of the monopoly in opium proposed for the benefit of the Chinese would diminish the sale of the drug. It would lead to a wonderful increase of the opium habit and common sense teaches that that is the corrupt view. The English people disgraced themselves by opening China to the opium trade and habit, and the Philippine scheme is evidently to drug and poison the Filipinos as well as the Chinese. We would get the small subsidy for education by the opium trade by paying a big price for it.

The Kentucky colonels of the Republican persuasion had a lively time in State convention Thursday. Such polite expressions as "liar" were hurled and Breathitt county was near having a reproduction. A negro delegate eulogized former Governor Taylor, who now sulks in Indianapolis, refusing to appear in a court of the State that once honored him. The resolutions of the colonels bear the regulation brand, and certainly the Almighty is given opportunity to withdraw His loving kindness if only the Republican party be left in power. It was a halcyon and vociferous time.

## Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Frank D. Hall, druggist.

The French colonial party wish the port of Diego-Suarez, a fine natural harbor at the extreme north of Madagascar, made a Gibraltar, from which France could dominate the Indian ocean.

## SOLICITOR

## GETS TEMPORARY INJUNCTION IN COMMON PLEAS

Outline of Petition Filed by Mr. Smythe in the Electric Road High Tension Wire Case.

City Solicitor Smythe, has commenced suit in the Common Pleas Court against the Columbus, Buckeye Lake and Newark Traction company to enjoin the defendant, from further continuing the construction of a feed line or high tension wire or from conducting or causing to be conducted thereon, a current of electricity; until the further order of the court.

The plaintiff says that on June 25th, the Board of Public Service, learning that the defendant was about to construct within the city other and further lines of wires called a high tension feed wire system, the same being "three phase system" consisting of three lines of wire, for the purpose of carrying into and through Newark a current of electricity far more powerful than any heretofore carried upon any of the lines of the company, and far in excess of any contemplated at the original construction of the railroad, served upon the officers and general manager of the railroad a copy of a resolution adopted by the Board at a session held on June 25, in which they protested against the stringing of said wire.

That the Board of Public Service submitted to the C. B. L. & N. T. C., two propositions to construct said feed wire, either of which would be acceptable by the Board, viz: That the wire be put under ground and that the same be strung down West Church street from 16th street to sub-station. Both of these propositions were rejected by the company. Mr. Lamb submitted a further proposition that the company string the wire along the route chosen by the company, but on 50 foot poles. This proposition was also rejected.

Plaintiff says that notwithstanding the protest and positive injunction of the Board, that the defendant in the night season and while negotiations were still pending, surreptitiously, with a large gang of men, entered upon the construction of the feed wire line and finished the same. The plaintiff says that the feed line has not yet been used but that the company will begin to use it in about 30 days unless restrained.

The petition recites that Pine street is closely built up and has many other wires; that a 13,200 volts current is highly dangerous and difficult to insulate and that the wires over which it is proposed to run the current are not properly insulated. The plaintiff says if the wires were to drop into the street it would kill any living thing that came in contact with it and in the event that the street was damped would kill a person fully ten feet away from the wire; that a cross with a telephone wire would kill any person using a telephone instrument on the said line, and would instantly set fire to any building the same was connected with, as the insulation on the telephone wire cannot control a current greater than 500 volts, which says is the highest voltage carried on the trolley wires of the defendant company, and is the highest voltage which can with reasonable safety be conducted through the city.

Plaintiff says that the only purpose of the defendant in bringing said current of electricity into the city over said wire is to deliver the same to the transforming station on Church street, and is not needed and will not be used in the running of said railroad until the same shall have passed through said station and that the same will be equally effective and equally as convenient providing it is brought to the station in some other manner, or over some other route.

Plaintiff also says that such lines are recognized as essentially dangerous to life and property and are never permitted to pass through cities; that there are other and better modes of bringing said feed wire or conducting said current of electricity which will afford a reasonable amount of protection to the citizens of the city in their lives and property.

That the maintenance and use of the feed line will be a continuing menace to the lives and property of the citizens of said city, and will be a public nuisance, rendering the use of the streets, over which the same passes dangerous to life and property.

An injunction as prayed for was allowed by Judge C. W. Seward.

## IT'S IMPOSSIBLE

To Disprove Facts.—It is Decidedly Easy to Verify Newark Opinion.

Nothing by way of introduction could be added to the experience and opinions given below, which could increase their value. Newark people can be safely left to draw their own conclusions based on such convincing evidence as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Mr. F. Lisey of Lisey & Fink commission merchants, says:—"I was distressed and annoyed by a pain in my back just across the kidneys. It was rendered more acute every time I was called on to stoop or lift anything. Treatment at different times failed to afford me relief and at last I stopped using medicine and went and got a package of Doan's Kidney Pills at Crayton's drug store. Their use proved effectual and my back has remained sound ever since I took the treatment. I have as a natural result no hesitancy in allowing my name to be used in recommending them."

## YOUNG MEN

## Are Keenly Feeling the Injustice of Bossism in the Republican Party and are Disposed to Revolt--Tired of Hanna and Many Will Help Defeat Him.

Columbus, July 13.—While some very interesting developments are occurring in Democratic circles, perhaps the most important sign of the times from a political standpoint is the growing tendency in the Republican party of this state toward a new movement for which the young men of the party are responsible. The evidence of this movement may be obtained from both Democratic and Republican sources. Your correspondent has recently talked with a number of representatives of both parties who have lately been over the state on political errands. The Republicans admit that there is a growing disposition in their party to break away from old associations and select leaders in the future from a younger generation than has recently been in control. The Democratic conjurers who have been giving attention to political matters in the various counties assert that this tendency on the part of the Republicans is already very near a revolt. Both sides admit that the Republican protest against bossism and slate making is more vigorous today than ever before. Such evidence of it as the candidacy of Colonel M. M. Gillett for auditor of state and the support he received in the late Republican convention, are predicted to be much more frequent in the future than in the past. They represent the feeling of the young men of the Republican party that inasmuch, it is about time that they had some disposing influence over the honors and rewards.

## NEWARK BOY

## RETURNS FROM A TRIP AROUND THE WORLD.

Was in India at Durbur, and Saw Japan in all Her Glory of Cherry Blossoms.

The readers of the Advocate will be interested in the following mention of the return of Charles R. Richter from his recent trip around the world. Mr. Richter is an old Newark boy and has many friends who will be interested in hearing of his performances as a globe trotter.

Charles R. Richter of 51 North High street, Columbus, is delighting his friends by hints of the thousand or more impressions he received while on his tour of the world. Wednesday Mr. Richter arrived in Columbus after an absence of six and a half months, and though not wholly surfeited with sights, he was glad to be home again. Richter is never so happy as when recounting his trips. He is a close student of geography and history, posts himself fully in advance upon what he is to see and returns anxious for new worlds to visit.

"Before my recent trip around the world," said Mr. Richter, "I had thoroughly learned my own country and I had gone to the British Isles and the continent, Egypt, Turkey, Syria and Asia Minor. Sailing from Boston last winter, I enjoyed a brief stay in Alexandria and along the Nile before going through the Suez Canal to India, from where I went to Ceylon, Korea, China, Japan and then on the way back I stopped in Honolulu and California."

Mr. Richter thinks that his next trip through probably some distance ahead, will take him to the land of the Midnight Sun.

In talking of his world journey, Mr. Richter grows more enthusiastic about India and Japan. He was in the former about the time of the great Durbur festivities and in Japan during the cherry blossom season. Keenly anticipating the wonders of each country, he more than realized every expectation. He did not see the Durbur proper but witnessed its magnificence on a miniature scale in Jeypore, India, where maharajah received Duke and Duchess of Cornwall, the former being the brother of King Edward and his personal representative in India or the Durbur. The costumes and regalia, Mr. Richter says, were gorgeous and brilliant beyond description.

The Taj Maha, I regarded as the most beautiful piece of architecture in the world, constructed by the great builder, Shah Jehan, as a tomb for his wife, and the peaks of the Himalayas,

From present indications the conclusion is entirely justified that whatever the result of the approaching election in this state, the young men of the Republican party will press themselves to the front within the next year. Senator Hanna is advanced in years and even if he stood as close to Roosevelt as he did to McKinley his friends could not reasonably hope that he could long continue in power. He is a very different man today from the one that "arranged" for the McKinley delegates in 1896. If a Democratic legislature should be elected in Ohio there is no doubt that Mr. Hanna would be immediately retired from public life. If, on the other hand, he should be re-elected, it is exceedingly doubtful that he would survive his term and in any event he would become a mere senatorial figurehead deprived of the influence he once exercised over national affairs and the destinies of his party.

Under these circumstances the movement of the younger element for control of the Republican organization is inevitable and must soon be successful. Its leader will be those who have most recently exhibited signs of independence and have submitted to bossism only after protesting against it in vain. Democrats will have to make up their minds to fight a new Republican enemy after the present campaign, while Republicans will show their wisdom if they prepare themselves for new conditions.

the highest in the world, were other attractions of India, in addition to the hundreds of marvelous temples and buildings, interesting religious customs of the people and all that, excited the unqualified admiration of the Columbus man.

The cherry blossom season in Japan takes place during the month of April, and aside from the beauties of the blossoms, for the cherry tree is cultivated exclusively for the blooms, the fruit not being used, has much to charm, as it is a continual round of festivity. The remarkable advancement made by Japan in thirty-five years' time in pulling away from China and other Oriental countries caused Mr. Richter to wonder, although he had heard much of Japanese progress before going.

A trifle in doubt as to his reception in China, Mr. Richter was gratified to be cordially received everywhere. He visited Canton, Tien Tsin, New Chung and other cities, as well as Peking, where he was entertained by United States Minister Conger.

Mr. Conger expressed to Mr. Richter the opinion that the reports of a probable new uprising in China were without foundation.

Mr. Richter visited the famous Nankai pass, where is located the gate through which go immense daily caravans of camels and mules from Mongolia into the interior of China and return. He took delight in making the difficult and perilous trips through the mountains necessary to see the noted Ming tombs, probably the most massive, beautiful and costly tombs in the world, and was surprised to find in Maceo, an island Portuguese concession, a regular Monte Carlo.

## Very Remarkable Cure of Diarrhoea.

"About six years ago, for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' subscriptions and treatment without avail. Finally we moved to Bozque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all druggists.

## Given By Court to Ada Blandy and Her Little Daughter

## Handsome Provision Made For Wife and Child in Divorce Decree Granted to Former Newark Girl in a Chicago Court.

Chicago, July 18.—Forty-five thousand dollars for pretty Mrs. Ada Blandy Porter Thomas and another \$45,000 to be held in trust for the use of her child, Eleanor Augusta Thomas, are the material advantages to be gained in the decree secured by Mrs. Thomas Friday in Judge Dunne's court against her husband, Dr. Harold E. Thomas, of Chicago, formerly of Columbus, Ohio.

The granting of the decree, which was given upon a plain case of desertion of the wife by the husband marks the close of a divorce suit that has been pending in the Cook county courts for two years.

The story of the Thomases and their domestic infelicity dates back to 1896. In that year Mrs. Thomas, at that time Miss Ada Blandy, married Dr. David Porter of Kansas City, and uncle of young Thomas, who was a frequent visitor at his uncle's home during the year following the marriage. In August, 1897, Dr. Porter committed suicide and 17 days later his widow married his nephew.

On account of the marriage, young Thomas's father, General Samuel Thomas of New York it is said cut his son off in his will with an income to be derived from \$100,000. After some litigation the heirs of the estate finally came to a settlement, young Thomas being given \$400,000 in cash and an income of \$33,000 a year.

The divorce proceedings which Harold E. Thomas, son of the late multimillionaire and railroad magnate, Samuel Thomas, instituted against his wife, Mrs. Ada Thomas, formerly Miss Ada Blandy of Newark, now living in Columbus, two years ago in Chicago courts, terminated Friday and custody of their child was granted the wife and in addition a princely sum of money.

The petition contained many sensational allegations which, if they had been found true, would no doubt have resulted in Mrs. Thomas being cut off with a mere pittance. The case went to trial but, before it did, depositions of Columbus people who had some slight acquaintance with Mrs. Thomas, were taken. In taking them the husband's attorneys made a number of suspicious inquiries relative to prominent men and their relations with Mrs. Thomas.

A majority of them had never had an opportunity of seeing the woman and of course they did not know her. The questions resulted in an investigation by Mrs. Thomas' Columbus counsel, Mr. Herbert Bradley, with the result that he and Attorney Barry of Chicago went to trial with plenty of ammunition.

The attorneys for the husband called their witnesses and they evidently noticed that the other side was attempting to show that Mrs. Thomas was not only innocent of the charges but that she was the victim of a conspiracy in which several people became involved. While the case was going on the attorneys for the husband very unexpectedly asked that it be taken from the jury on the ground that too much publicity had been given

en the proceedings to the detriment of the plaintiff.

There were no especial objections raised and the petition was withdrawn. Its sudden ending was followed by the filing of an application for a maintenance for the mother, and the child, who, the husband had charged in his petition, was not his but a substitute.

The hearing of the matter was postponed from time to time as the husband claimed he had been disinherited and was practically without funds except enough for his own support. His father was living then, but several months ago he passed away leaving according to reports, between \$10,000,000 and \$20,000,000. The son Harold however, was cut off with a paltry sum of something like \$10,000 and he very naturally entered a protest of large proportions and threatened to contest the will.

His expressed intention worried his mother, sister and brother, the three most benefited and they compromised with him. How much he received was not made known but rumor had it that the amount was close to a million dollars. Since receiving his share he has made several propositions to bring about an amicable settlement with Mrs. Thomas.

Mrs. Thomas met her husband while she was living out west about 10 years ago. Her first husband, Mr. Porter, had died only a few months before she and Thomas met. It was love at first sight and they were married. Their honeymoon trip took in a large portion of the northwest and they finally landed in Chicago, where Thomas suddenly deserted his bride after but a few months of wedded life.

She returned to Columbus and with her baby, which is now nine years of age, resided until recently with her mother on East Long street. The father visited them several times and at intervals they received letters from him but these suddenly ceased and the separation was complete. He wanted to allow her \$40 a month as an income but this she refused principally because he was thought to have an allowance of over \$30,000 a year to spend.

Mrs. Thomas and her child are expected home in a few days. They are now living at 2251 North High St., Columbus, O.

## DR. SHRONTZ

Is Now Endeavoring to Have Gas Piped to Martinsburg From a Nearby Well.

Dr. J. F. Shrontz formerly of Newark, is one of the most active and valuable citizens in Martinsburg, Knox county. The Utica Herald has this to say:

J. F. Shrontz, who got for Martinsburg telephone lines and will get for her a railroad if hard work can do it, is again at work to get gas into the village. If a sufficient number of patrons will plendge, gas will be piped

from the Utica and Coshocton line or elsewhere as best terms can be made. The capacity of the Culp well, which is nearest to the village, is hardly great enough to be depended on safely. It is 1 3/4 miles, the Brown well about 2 1/2 miles. It is reported that the Culp well does not produce enough gas to satisfactorily fire the boilers drilling the Bebout and Rinehart wells north of it.

Tom Smith, who says he is a locomotive engineer from Columbus, and is visiting a Mr. Curtis, was arrested on suspicion by Detective Foster and officer Brooke. He was remanded until 3 o'clock, or until Mr. Curtis can be found.

Tom Jeffers was fined \$10 and costs for assault and battery on Walter Leedale. He paid up.

Anson Matheny was fined \$5.00 and costs for drunkenness.

## OUTING

FOR MOTHERS AND CHILDREN AT IDLEWILDE

Capt. Runcie Reports That All Will Be Ready by Tuesday Morning—Funds Coming in.

There are many noble charities, both public and private, in Newark which alleviate and ameliorate the sufferings of the needy, but none more worthy of support and commendation than that of the Salvation Army. It is a gentle dew that constantly descends upon the arid places, calling back to life the verdure and bloom to many waste and desert lives.

The greater charities are, of course more generally known, for obvious reasons, but this quiet one is more widely diffused and presumably more far-reaching in its ultimate effects.

The real work of the army is not generally understood because its methods have struck the public at a peculiar angle. Its aim, apparently, has been to popularize religion or perhaps more strictly speaking, morality and rectitude, which of course constitute the foundation of religion itself.

Capt. Runcie reports that arrangements for the mothers and childrens outing at Idlewild park next Tuesday are rapidly being completed. Contributions which are still being received give assurance that Tuesday will be a happy day for many whose lives are seldom cheered. The captain says that more money can be used and will be gratefully received. If by any chance more money should be received than is needed for the outing it will be used to further the good work of the Salvation Army. Special care has been taken in issuing the invitations. Tuesday promises to be a happy day for many. Have you helped to make it so?

Nearly all the safety matches which are safe against friction on sandpaper, stone, wood or brick ignite readily from a quick rub on glass.

### Night Was Terror.

"I would cough nearly all night long" writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block, I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery, wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00 at Frank D. Hall's drug store.

**Impaired Digestion**

May not be all that is meant by dyspepsia now, but it will be if neglected. The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

**Hood's Sarsaparilla** which strengthens the whole digestive system.

## SOCIETY EVENTS OF THE WEEK.

Mrs. Henry S. Fleek entertained on Tuesday afternoon most delightfully with a porch party, in honor of her niece, Miss Marion Ogden of Lincoln, Neb. The entertainment before supper consisted of a game called "A Floral Tea." It was a story, with blanks left which was to be filled with the names of flowers, and in order to aid the young guests Mrs. Fleek provided a large bowl of as great a variety of flowers as could be found. The prize was won by Miss Sarah Seymour. This was an original story by Miss Lewis, with the assistance of Miss Ogden. Supper was served on the porch and afterward the time honored Mother Goose game was played. Each guest was asked to draw a picture representing some Mother Goose rhyme. They were then all pinned on the wall and Miss Katherine Jennings guessed the greatest number correctly and received the prize, which was a picture representing that popular rhyme, "Tom, Tom, the Piper's Son, Etc." Mrs. Fleek's guests were Misses Sarah Seymour, Alda Scott, Marion Weiland, Mary Everett and cousin, Katherine Jennings, Frances Wright, Margery and Frances Collins, Marion Ogden of Lincoln, Neb., and John Sherwood Fleek.

Miss Nellie Long entertained in honor of her cousin Miss Mary Roberts of Moundsville, W. Va., Thursday evening at a Progressive Pinch party. Quite an enjoyable time was had by all. Those present were, Misses Mable Anderson, Clara Sohn, Teresa Diebold, Mamie Pigg, Angie Davis, Leora Norris, Minnie Norris of Union Station, Mary Roberts of Moundsville, W. Va., and Nellie Long. Messrs. Mahndie Brushner, Elliot Prior, Harry Lippincott, Walter Dorsey, Frank Link, Harry Gunning, Roy Bowers and E. S. Long. The prize was awarded to Mr. Frank Link.

A very pleasant afternoon was spent at the home of Mrs. Frank Agnew of Elmwood avenue on Tuesday, in honor of Mrs. Kelly of Cambridge and Mrs. Long of Massillon, both ladies being former members of the Coterie club. Dainty refreshments were served and the occasion was an enjoyable one to all present.

Miss Lulu Starr was the charming hostess on Wednesday afternoon to a few of her friends. Dainty refreshments were served, after an interesting game of pedro. A great deal of fun was enjoyed by the following four cutting for the prize, Misses Amy Franklin, Elizabeth Thomas, Jesse King and Ruth Speer. Miss Kink being the lucky one. Miss Starr's guests were Misses Hazel Thomas, Ruth Speer, Elsie Hirschburg, Helen Crane, Besse Reed, Mabel Phillips, Jesse King, Elizabeth Thomas, Amy Franklin, Winnifred Fulton, Florence Jones, Ethel Hull, Lena Cramer, May Kamerer, Musa Beall, Gladys Hilliard, Mrs. Starr, Mrs. William H. Magee of Wheeling, and Miss Daisy Wilcox of Coshocton.

The following young people took supper at Buckeye Lake on Friday. Misses Mabel Phillips, Helen Crane, Stella Howard, Hazel Thomas and Daisy Wilcox of Coshocton, Messrs. Fred Metz, Walter Davis, Howard Brihart, Ralph Vance and George Flory.

On Monday evening a picnic and theatre party was given for Miss Carrie Whitmore of Dayton. Those present were Miss Whitmore, Mr. and Mrs. Besuden, Misses Kathryn Symonds, Alice McCune, Ethel Pitzer, Josephine Veach, Messrs. Ralph Vance and George Flory.

Master Carl Swisher entertained a few friends at a picnic at Idlewild on Monday.

The Tuesday Afternoon Euchre club was entertained this week by Mrs. Harry Hoover, at her home on Granville street. The club prizes were won by Mrs. Frank Bartholomew and Miss Katherine Symonds. The visitors prizes were won by Mrs. Chas. Rhoads and Mrs. Besuden.

The following young people, chaperoned by Mrs. J. S. Fulton and Mrs. James James, formed a picnic and theatre party at Idlewild yesterday. The Misses Edna Atward, Grace Plat-

to, Gladys Jamison, Alice Fulton, Florence Welch, Bernice Pierce, Gertrude Cole, Helen Holler, Mabel Zimmerly, Jessie Taylor, Paul Arbaugh, Willard Embrey, Charles Lewis, Norris Arbaugh, Archie Sonnell and Homer Brown.

Invitations have been received by friends of the contracting parties announcing the marriage of Mr. Otis Powell of East Main street, to Miss Etta Vogel, on Monday evening, July 20.

Miss Alice Burch gave a Japanese party on Tuesday afternoon from 4 till 5.

On Monday evening Mrs. J. W. Freese gave a very successful surprise party in honor of her husband's thirty-eighth birthday. Mr. Freese was completely surprised, but soon recovered his composure, and his guests were made happy by his cordial welcome. Mr. Freese was presented with a graphophone and two chairs. The company was entertained by Miss Lott, who played several piano solos.

Miss Beatrice Schmutz, the little daughter of Mr. and Mrs. R. B. Schmutz of 117 Valandigham street, entertained a number of her friends on Thursday afternoon, in honor of her seventh birthday. The afternoon was spent with games and music. Supper was served to the following guests: Misses Florence and Elsie Walton, Lizzie and Minnie Staugh, Cora and Blanch Stack, Helen and Jennie Talbot, Helen Thompson, Gladys Walton, Helen Writenhouse, Anna and Emmie Wilder.

Miss Theresa Diebold entertained a number of her friends on Friday evening at her home on South Fifth street with a musicale in honor of Miss Barber of Canton.

The following people picnicked at Buckeye Lake Friday: Anna Davis, Verona Martin, Marion and Ruth Hatch and Alice Barker; Messrs. Alan Jones, John Evans, Will Blood, Ray Spicer and Carl McManus of Pittsburg.

Master John Baird entertained the Boy's Literary club and a few of his friends very pleasantly Friday afternoon. After the program supper was served to the following guests: Willard Elliott, Parke Chase, Harold Rutledge, Paul Russell, Charlie Africa, Bentley Sook, Sherwood Miller, Carroll Stuck, Lee Baird, Willie Young, Paul MacCahon, Lee Stanford and Rollin Sook.

Tuesday evening a small party of young people was entertained most delightfully by Martha and Bessie McMillen at their home near Central City, west of Newark. The evening was spent in playing croquet, the croquet grounds being gaily lighted by lanterns after daylight faded. Miss Nellie Davis and Mr. Harvey Hickman won every game.

Late in the evening, those who had attended the marriage of Mr. Homer Woolard of Hebron, and Miss May Holter of Central City, at Hebron, passed on their way to the home of the bride's parents, Mr. and Mrs. James E. Holter, and our merry crowd followed them and joined another crowd of fun-lovers to assist in "belling" the newly married pair. Thus ended a most enjoyable evening. Those present were: Misses Pearl Kinney, Nellie Davis, Laurel Young, Martha McMillen, the Messrs. Harvey Hickman, Clarence Kinney and Homer Proctor.

Beautifully your homes with paint, with varnish. Mantels, fire fronts and hearths that look shabby from years of wear dressed up to look just like those \$50.00 ones you see in the store. Parquet floors more handsome than those you see in these would be homes. Let the Star Paint Shop show you sample of the nicest floor finish you ever saw. If you want paint that shines by night and out of sight by day just try the Star. Outside, inside. 35 North Second street, new phone 746. 7-18-3t.

**Latest Fashion Notes.**

**Pretty Embroidered Waist.**  
The prophecy that separate waists would be relegated to the past has not as yet been fulfilled, for they still con-

tinue to play an important part in a woman's wardrobe. This waist is embroidered with a simple yet dainty little design. The prevalent idea on waist embroidery seems to be for using pure white Corticelli mountmellic embroidery silk.

Shirt waists are still as popular as ever, especially embroidered white ones. Grapes, in a conventionalized form, are much used with very good effect on mercerized chevrons, madras, and linens. An embroidered effect is a safe investment whether it be of silk cotton or woolen.

Moki Tea positively cures Sick Headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. For sale by Collins & Son.

**Explaining Her Drowsiness.**  
"The hot weather affects Mrs. Bloggers dreadfully. Do you notice how sleepy it makes her early every evening?"

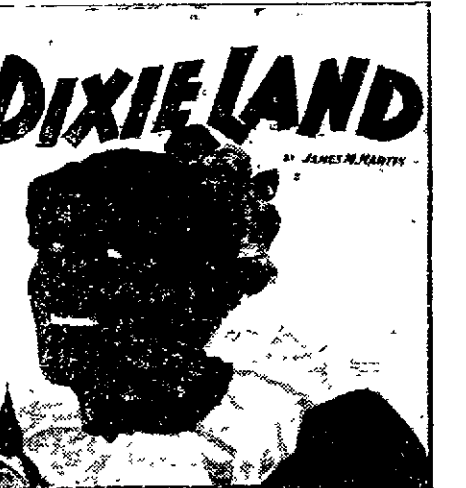

"Yes, I have noticed it. I believe it's partly accounted for by the fact that she never fails to wake her husband up at 4 o'clock in the morning to ask him if he thinks it will be a hot day."—Cleveland Plain Dealer.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

The Bradford Regulator Co., Atlanta, Ga.

Dixie Land. The play has the endorsement of the metropolis and is especially suited to summer productions as it is full of fun from start to finish. Mr. Rosskam assures that he has some vaudeville novelties which he will present between the acts that are different from the every day vaudevillians the people have been seeing and as a whole one is led to expect a most enjoyable entertainment. The advance sale for Sunday at the present time is larger than for any Sunday so far this season. Seats may be ordered from either Wiles-Erman's or the box office at the park.

The Carnival. The Eagles Carnival closes tonight. The various attractions of the Wright Carnival company have been enjoyed by thousands during the week and as tonight is the last appearance of the show doubtless many will visit the tenth this evening.

**Modes of the Moment.**

Drawn work, lace applique and insertion are certain features of white stocks and collars.

The blouse that buttons in the back and has the collar built on it is the best liked model for a trimmed waist.

We do not hear much about silk mitts, but the wearing of them is permissible this summer. They come in eight and twelve button lengths.

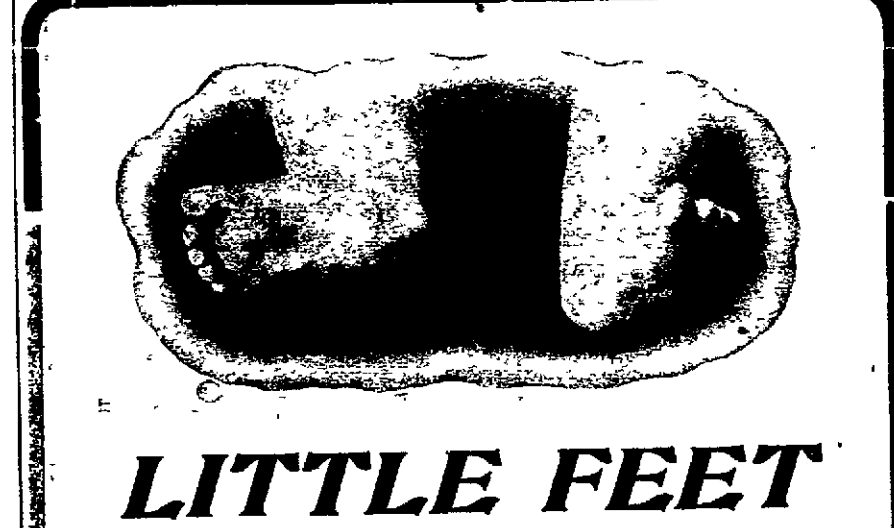

Skirts of fine India linen to be worn under the lace white summer gowns are marvels of elaboration and are richly trimmed with lace, ribbon run beading and tucks.

Oyster white is the latest oddity in names for tints of color. It is that peculiar gray hitherto seen in floor linens, and irregularly woven flaxen products displaying it are now used for shirt waists and costumes.

Linens of all kinds are still the favorites for both morning and simple afternoon summer gowns, but old fashioned French percale, which is one of the most serviceable cotton materials ever made, is being widely employed for tub dresses.

**Low Rate Excursion to Atlantic City, N. J., and Other Seaside Resorts.**

In order to give its patrons an opportunity to visit the seashore at a nominal cost, the Baltimore and Ohio Railroad company will sell low rate excursion tickets to Atlantic City, Ocean City, Cape May and Sea Isle City, N. J., and Ocean City, Md., on Thursday, July 30, 1903.

Atlantic City, N. J., the most popular of the hundred or more resorts along the Atlantic Coast, is pronounced the finest watering place in the world. The great American Seashore Resort has kept apace with the times and prospered. The hotels have grown in number and size. Prosperity and popularity are with it.

The surf bathing which has made Atlantic City famous is one of the wonders of the world. The sight during bathing hours defies description; men, women and children in bathing costumes of various hues form a picture only to be seen at Atlantic City.

Aside from the seaside features, Atlantic City has amusements of every kind. Great iron piers extend hundreds of feet into the ocean. Each pier has its summer theatre and band stand, and for a nominal price one can enjoy the comfortable chairs of the pier and listen to the music of the bands throughout the entire day, if he so wills it.

The proximity of Atlantic City to all the big central and western cities, by reason of the excellent through train service of the Baltimore and Ohio railroad, makes it the resort of the masses.

Tickets will be available on all regular trains, and will be good for return twelve days, including date of sale, thus giving ample time for an enjoyable outing. Stop-over within limit of ticket will be allowed at Philadelphia, Pa., and Washington, D. C., on return trip.

For further information call on or address nearest Baltimore and Ohio Ticket Agent, or B. N. Anstett, General Passenger Agent, Chicago, Ill.

Four Days Beginning Sunday.

Prices Remaining Unchanged.

**FOR Summer Health**

Hot weather diseases are largely germ diseases. The health of the home can best be guarded by liberal use of disinfectants during the summer months.

Poor disinfectants are worse than none because they give a sense of security without reality. We are prepared to furnish disinfectants that you can depend on; can tell you what is best for each purpose and how to use it. The cost will be very little.

## The Only Way

To cure chronic stomach trouble is to cure the cause. You may doctor and be relieved for years, but you must have the cause removed before you can be cured. Dr. Jackson's Digestive and Liver Powders cure all stomach troubles by removing the cause.

Dennison, O., July 1, 1902.

O. C. Bolin & Co., Zanesville, O.  
Dear Sir—I have been troubled with stomach trouble for years and I gave your remedy a trial, it cured me and I am convinced that it will prove beneficial in every case where one is suffering from troubles of the stomach. I highly recommend it, having received a cure myself from the use of your remedy. Respectfully

## LOST A LEG

CARL WAGERS B. & O. BRAKEMAN IS INJURED

Mr. Wagers Thinks Somebody Knocked Him Off a Car North of Mansfield Saturday.

Carl Wagers, the B. & O. brakeman who resides on Front street, met with a serious accident about 2 o'clock Saturday morning, while on his train, south of Chicago Junction. He was struck by something and knocked off a car, falling between the cars and under the wheels, which passed over his left leg below the knee, mangle it in such a way that Dr. D. M. Smith had to amputate it, the operation taking place at the city hospital, Wagers having been brought to Newark at 6 o'clock, and taken to the hospital in Bowers & Bradley's ambulance.

The injured man is not certain, but thinks some one knocked him off the car. He is married and has one child.

## MRS. YOUNG

Mother of William P. and J. Edward Young Died Saturday Morning At 173 N. Fourth Street.

Mrs. Mary Young, widow of John Young, died at the home of her son, W. P. Young, 173 North Fourth street, Saturday morning after an illness of six weeks with cancer of the stomach. She leaves two sons, William P., book-keeper at the Consumers Brewery and Edward Young engineer at the Mansfield reformatory.

The deceased was Mrs. Mary Koos and was born in Baden, Germany, June 26, 1829. When five years of age she came to this country with her parents, and settled in Zanesville where she was married in 1859. Soon after this Mr. and Mrs. Young moved to Newark where they conducted the Commercial House, Mrs. Young continuing this business until 1884, many years after her husband's death.

The deceased was one of the oldest members of St. Francis de Sales church and a charter member of the Altar and Rosary Society.

Two sisters, Mrs. Anton Miller and Miss Louise Koos, both of this city, also survive.

The funeral will take place at 9 o'clock Monday morning from the St. Francis de Sales church, interment being made in Mt. Calvary cemetery.

Chas. G. Penney.

Washington, July 18—Secretary Root has sent a memorandum to the adjutant general for the promotion of colonels to be brigadier generals and their retirement with that rank. Included in the list are J. Milton Thompson, Twenty-third infantry; Edward Rice, Nineteenth infantry; and Charles G. Penney, Twenty-ninth infantry, formerly of Newark, O.

All the seven islands of Hawaii are connected by wireless telegraphy.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by all druggists.
